No 8 Spring Term
2nd March 2010

Dear Parents

Thank you for your contributions last week at the Parent-Teacher interviews & all the wonderful compliments that you have paid the school and the staff. It means a lot to know that you are happy with the ethos of the school that your child is in. There will be an opportunity this evening to repeat this for parents whose appointments are today. One of the changes that one of you wanted to see was to have tea and biscuits served at home time to waiting parents. I am quite happy for someone to organise this maybe once a week. I do know that the hot chocolate was appreciated in the cold weather.

Can I remind parents that you are very welcome to come into the hall at 3 o'clock in inclement weather. I don't expect you to wait outside and get saturated!

Isn't it wonderful to see the sunshine! Please let it last! However, it can also bring our friends, the nits, to visit. Please can you ensure that your daughter's hair is neatly tied back for school to try and stop these little visitors making unwanted visits!

Another reminder - Karen Throgmorton, our school nurse, is visiting next Friday, the 12th March. As usual, she will come into school first thing and is very happy to answer any medical questions that you may have.

The children really enjoyed the visit from the Potter yesterday. You should have seen the state of the hall floor when they finished! Unfortunately the sessions weren't really long enough to finish their creations so Kate will come in to complete these in the near future.

Enjoy the sunshine!

Birthdays this Week

Francis Alonguera

HAPPY BIRTHDAY!

Friends Annual General Meeting

Monday 8th March at 2.30pm in the hall.

Everyone is welcome! Please come along and help to make a difference.

A PLEA! Our wonderful 'Artist in Residence', Kate (also Mum to Molly in Hedgehogs), has made us some fantastic wire creatures which are popping up all around the school. There are more in the pipeline and so she has put in a request for rolls of chicken wire. If anyone has some unused lying around or feels able to donate some, it will be very gratefully (and creatively) received.

Her next project is to make a tee-pee for the children to play in and to do this she needs some long poles (similar thickness to the scaffolding), so she has also asked if anyone has any of these that they can donate. Any donations can be dropped off in the school office and will be received with much thanks!

Please can you make sure that your child has suitable clothes in school for PE lessons. As the weather improves, Foxes and Badgers will have some of their lessons on the playground, so long trousers would be an idea. Also, if your child does football or multi-sports, please make sure that they have suitable clothes for these, including proper outside trainers/football boots.

Thank you!
