No 11 Spring Term  
23<sup>rd</sup> March 2010

Dear Parents

Thank you to all the parents who joined us for the walk last week. The children did fantastically well and so far we have raised more than £400 for Sports Relief!

I know that the weather has become much milder, but please still send your child's coat to school with them as the temperature is still very variable and the children spend a considerable amount of time outside during the course of the day.

As you will notice from the note coming home today, our spring visitors, the nits, appear to be back (says she, scratching her head in sympathy). Please can you make sure that you check your child's head and treat them if they have head lice.

I also have to let you all know that we have a case of Chicken Pox in Hedgehog Class. If your child comes out with this, Surrey guidelines are that they can return to school (presuming they are well enough in themselves) 5 days after the spots first appear.

Fox and Badger classes had a fantastic trip to Brooklands Museum last week and have come back full of enthusiasm for their science investigations. As ever, the children were a credit to you and to us and behaved beautifully. We do find that whenever we take the children on a school trip people comment on how well behaved they are.

Our Friends have asked if there is anyone who feels confident to phone around local companies to get sponsorship for school events. If you can help, please either let Mrs Dowle or Yvonne Siggemann know.

Best wishes
